Subject: RE: EPA Open House/Availability Session - Columbia Falls Aluminum Company Plant

Hi, Jami.

If another member of your group isn't able to attend the meeting, please let me know, and we can set up the conference call. In the meantime, I will update our contact list with your preferred email address.

Thank you!

Hi Cynthia

Thanks for finding a way to include me in the conversation. I am the Vice President on the behalf of the non-profit Gateway to Glacier Trail organization. We are in negotiations with CFAC on developing a trail corridor through their property. I will contact the other members of our group to see if one of them can attend to present our group's questions. If not, a call would be welcome so that I can let you know of the concerns and thoughts from our group.

Please note that I am writing on behalf of Gateway to Glacier, not the National Park Service. I think you have my work email from an earlier comment period. My personal email is octopujami@yahoo.com and would be preferred to my work email. I have cc'd that email here so that you will have it and can reply to me using that email

Thanks for your work to get our community involved.

Thanks
Jami Belt

Hi, Jami.

Thanks for your interest in participating in this event. It is planned to be an open house without formal presentations, and since we are hoping this will provide an opportunity for folks to talk with EPA staff

informally, I'm not sure that setting up a conference line would allow you to actually participate in a meaningful way. However, I would be happy to set up a conference call sometime after the open house with you and our staff to discuss the site investigation. Would that be an acceptable alternative? Just let me know, and we could get a call scheduled.

Best regards,

Cynthia

Good morning Cynthia

I will be out of town during the meeting but have been very involved in this process and would really like to attend to join the conversation.

Is there a way to call into the meeting?

Thanks

Jami Belt

Good morning,

The EPA would like to invite you to an Availability Session/Open House about the Columbia Falls Aluminum Company Plant site investigation on Aug. 5, 2015, at the Columbia Falls City Hall from 7:00 pm to 8:30 pm (see attached announcement).

Please feel free to share this information with others you think might be interested in attending or let me know if you would like additional information.

Best regards,

Cynthia Peterson

Note: You have requested to be included on an email list to receive information about the Columbia Falls Aluminum Company Plant site. If you would like to be removed from this list, please let me know.
